

Pham Van Nam

QA Automation Intern — Manual Tester

9504phamnam@gmail.com | 0813413933 | github.com/PhamNamTech

SUMMARY

Final-year IT student with experience in manual testing and basic Selenium automation using Java and TestNG. Familiar with test case design, API testing with Postman, defect tracking in Jira, SQL, and Agile collaboration.

CERTIFICATIONS

- IELTS 6.0 Nov 2024

EXPERIENCE

- **QA Automation Intern – AGEST Vietnam (Client: Kafi Securities)** Jan 2026 – Mar 2026
 - Analyzed requirements and collaborated with BAs to clarify testing scope and improve test coverage for financial features
 - Designed 50+ test cases using Equivalence Partitioning and Boundary Value Analysis
 - Executed functional and regression testing to identify defects early
 - Reported and tracked 20+ bugs in Jira with clear reproduction steps, expected results, actual results, severity, and evidence
 - Verified bug fixes and supported regression cycles to ensure resolved issues did not affect existing features
 - Worked in an Agile team with developers, BAs, and product owners

PROJECTS

- **Selenium Automation Framework**
 - Built a basic automation framework using Selenium WebDriver, Java, TestNG, and Maven
 - Applied Page Object Model to improve maintainability and reusability
 - Automated key user flows such as login, form submission, and input validation
 - Used assertions to verify expected results and improve test reliability
- **API Testing with Postman**
 - Tested REST APIs including CRUD operations using Postman
 - Validated status codes, response body, response time, and error messages
 - Covered positive, negative, and edge case scenarios

SKILLS

- **Testing:** Test Case Design, Functional Testing, Regression Testing, Defect Management
- **Automation:** Selenium WebDriver, TestNG, Page Object Model, Maven
- **API Testing:** Postman, REST API Validation
- **Programming:** Java, Python, C#
- **Database:** SQL
- **Tools:** Jira, Git, Eclipse, Visual Studio Code

EDUCATION

- **Sai Gon University** 2022 – Present
 - Information Technology
 - GPA: 3.02 / 4.0
